7.1.4: Describe the Institutional efforts/initiatives in providing an inclusive environment i.e., tolerance and harmony towards cultural, regional, linguistic, communal socioeconomic diversity and Sensitization of students and employees to the constitutional obligations: values, rights, duties and responsibilities of citizens

Students from different castes, faiths, and regions learn together without prejudice since the school upholds the equality of all cultures and traditions. We do not accept cultural, regional, linguistic, communal, social, or other distinctions notwithstanding the institution's varied socio-cultural background and language variety. The national holidays, commemorations of the birthdays, and tributes to revered Indian leaders including Lal Bahadur Shastri, Sardar Vallabhbhai Patel, Pandit Jawaharlal Nehru, Dr. B.R. Ambedkar, and others. The institution observes Rashtriya Ekta Diwas (a commitment made by employees and students on National Integration Day) every year on October 31, the birth anniversary of Sardar Vallabhbhai Patel. Thus, people from different ethnic and cultural backgrounds are encouraged to interact positively.

The institute has a number of grievance redressal cells that handle complaints without taking anyone's race or cultural background into account, such as the Student Grievance Redressal Cell and the Women Grievance Redressal Cell. Numerous departments provide field trips and excursions to various Indian enterprises. Different cultures are shown to both faculty and students. At our university, there are national socio-cultural exchange programs offered. The Institute takes advantage of the institute's ongoing efforts to mold its student population into better citizens of the nation in addition to providing a strong academic foundation for them. In this manner, the institution promotes a feeling of community among the student body through a variety of practices and initiatives, in addition to offering professional legal education.
