Chittoor District, A.P., India. Pin: 517319

Ph.: 08571-288666, 288777
Fax: 08571-288889

1.1.2 - The institution adheres to the academic calendar including for the conduct of Continuous Internal Evaluation (CIE)

The institution strictly adheres to the academic calendar provided by Jawaharlal Nehru Technological University Anantapur (JNTUA) for the smooth conduct of Continuous Internal Evaluation (CIE). The academic calendar, distributed at the beginning of each academic year, outlines the schedule for internal assessments, assignments, and other academic activities.

Faculty members prepare lesson plans and align their teaching schedules with the academic calendar to ensure timely completion of the syllabus. Continuous Internal Evaluation includes mid-term examinations, quizzes, assignments, and practical assessments. The examination in-charge ensures that CIE schedules are meticulously planned and communicated to students through notices.

The internal assessment process involves evaluating student performance through diverse methods, such as assignments, problem-solving exercises, and seminars. Practical sessions are conducted to enhance hands-on learning, and their evaluations contribute to the CIE. Faculty members use feedback from these evaluations to provide individualized guidance to students for academic improvement.

Additionally, grievances related to internal assessments are addressed promptly, ensuring a transparent and student-centric approach. This structured adherence to the academic calendar facilitates continuous monitoring of student progress and supports effective learning outcomes.
