7.2.1 - Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual -2023-2024

MAHATHI COLLEGE
for Innovative Learning

7.2.1 - Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual

Best Practice: 1

1. **Title of the Practice :** Financial aid to the deserving students

2. **Objectives of the Practice :** □ To extend financial aid to the poor students, especially from the rural, to save them from discontinuation of their studies owing to poverty. □ To support financially all the deserving poor students without any discrimination of caste, creed or gender and to promote equality among students. The expected outcome is that the students should be able to complete their degrees with good marks. The beneficiaries should treat the needy with the principle of lend a helping hand without discrimination.

3. **The Context:** □ Most of the students have hidden talents and innovative mind but not able to execute due to lack of resources and financial support. □ On the same context, the institute stood in front to support the students by providing them with financial aid.

4. **The Practice:** □ The institution is established in rural area to provide quality pharmacy education to the students residing in rural areas and who want to pursue their graduation and post graduation studies in pharmaceutical sciences. □ Most of the parents are not ready to admit their children in higher studies due to lack of sustenance in providing financial support. So it is evident that without financial support from external source, the youth residing in rural areas cannot hope to successfully complete their higher studies. □ On this regard, the institution verifies the information of the student's financial backwardness and decides the sum to be provided as financial aid

Best Practice: 2

1. Title of the Practice

Encouraging faculty to conduct research

2. Objectives of the Practice

To encourage the faculty and students to involve in the research activities.

To achieve this objective the institute is providing research incentives, encouraging faculty and students to participate in scientific training programs to inculcate a research mindset.

3.The Context

The challenge is providing advanced instruments and the latest software support for conducting advanced research at the Institute.

4. The Practice

Mahathi College of Pharmacy is committed to becoming a center for excellence in pharmaceutical education and research and we believe research is our greatest strength. We have come up with an incentive program to encourage the faculty to conduct research and contribute to the institute as well as to the nation. An institutional research committee is in place to review the progress of the ongoing research activities and provide the necessary support.

5.Evidence of Success

In this context, our staff are actively involved in the research and publishing the papers, and getting the patents.

Notes (Optional)

Any other information regarding Institutional Values and Best Practices that the institution would like to include.

6.To impart quality education to our students:

- Conducting practice school for our students from the IV year of B.Pharmacy and III years, IV year, V year of Pharm.D to improve their practical acumen.
- We regularly conduct reviews of research articles by M.Pharm, Pharm.D students, under journal club activities; arrange guest lectures and workshops by experts from academia and industry to acquire knowledge in designing the dissertation work.
- Students are made to understand the scientific problems and enhance their research capabilities, further, to publish papers in the reputed journals.
- We encourage students and scholars to participate and present their research work at various national and international conferences to get exposure to ever-changing and advancing fields of pharmaceutical sciences.

PRINCIPAL

MAHATHI COLLEGE OF PHARMACY
T.M. Cross Roads, MADANAPALLE
Annamayya (District), A.P.-517 319

- Conduct tutorial classes/remedial classes for the identified students to improve their academic credentials.
- Providing financial assistance and scholarships to the economically weaker students having a good academic record.
- We are arranging the summer internship training program for the duration of 1-2 months for the graduate students.
- We are arranging an industrial training program for the duration of 4-6 months for the postgraduate students to get industry exposure and also to understand the real-time challenges in the industry.
